INCIDENT DESCRIPTION

SOLO VEHICLE TRAFFIC ENDS WITH FATALITY

On Saturday, July 12, 2008 at 3:31 PM, 5 Companies of Los Angeles Firefighters, 2 LAFD Rescue Ambulances, 1 Heavy Rescue, 1 Urban Search and Rescue Unit, 1 EMS Battalion Captain, 1 Battalion Chief Officer Command Team, Street Lighting, DOT, DWP and LAPD, all under the direction of Battalion Chief Richard E. Markota, responded to a Physical Rescue Incident at 13900 W. Chandler Bl. in the South Van Nuys area.

Firefighters and Rescue Ambulance personnel responded to a reported traffic accident with entrapment. Upon arrival, Firefighter-Paramedics found a mid sized, 4-door sedan, with the driver trapped inside the vehicle and requested a physical rescue assignment. Firefighters arrived on scene quickly and assisted in extricating the unresponsive male occupant, 33, from the vehicle. CPR was initiated but the male was pronounced at the scene (per Ref. 814 criteria), succumbing to his extensive injuries which were evident from the significant passenger space intrusion located on the driver side of the vehicle. It was reported that the driver lost control of the vehicle, striking the center median, a street light and finally coming to rest against a large tree.

Firefighters remained on scene assisting LAPD with the traffic investigation and the Coroner's office with the removal of the body.
